

# Making Music in Downpatrick 2008

Are you aged between 14-25 years old? *Do you live in Downpatrick?* Are you an aspiring rock and pop musician or just an interested beginner? *Do you want an opportunity to learn the skills of performance, composition and recording from professional musicians?*

*Downpatrick young people are being given a kick-start into the music industry through a free music programme thanks to funding from the Department for Social Development and the Neighbourhood Renewal Initiative.*

You have a choice to make. Either;

## Beginner Workshops

Two weekend workshops covering drums, guitar and vocals. Participants will form bands, write original material and learn cover songs to perform at a concert on the last workshop day to family and friends.

Or;

## Advanced Workshops

Three weekend workshops (+ evening concert rehearsals) on composition and recording material with each band making a CD of their work. Participants will display their talent at a concert for invited agents, venue managers, arts officers, community groups etc!

# Interested?
